

ERASMUS + PROGRAMME KA-1 – MOBILITY OF YOUTH WORKERS “Game Zone”

Hosted by: Malta UNESCO Youth Association (MUYA)

A training course on raising awareness on the high rates of obesity, together with risks imposed both to the participants and also to the general public.

Description:

"Game Zone: Developing an inclusive society through games" will be organised by the Malta UNESCO Youth Association at the Dingli Youth Activity Centre, Malta from the 27th September – 4th October 2018 (6 working days and 2 travel days) following the guidelines for 2018 of Key Action 1 - Learning Mobility of Individuals, Erasmus+ programme of the European Commission. Supported by trainers and support staff, this project will include 30 youth workers and youth leaders from 9 countries including Malta, Estonia, Czech Republic, Slovenia, Germany, Poland, Kosovo, Ukraine and Lithuania.

The current situation in Europe is deterring in relation to migration waves, long-lasting youth unemployment, economic struggle, terror attacks, media and geo-political speculation and is in turn generating anti-European views. The latter is in turn generating more heated debates and concerns in society which are leading for prejudice to prosper.

For this reason, the participating network of organizations has aims to give youth workers & youth leaders tools, frameworks and space to create and practice facilitation of educational games that address social issues and can be applied in their environments.

The project's methodology will be based on the principles of non-formal education. During the training course, participants will have the opportunity to explore entrepreneurship through multimedia presentations, interviews, plenary discussions, open space technology, creative workshops, role plays, active selling simulation exercises, presentations of good practices and more.

During the training course participants will also be provided with sufficient space and support to exchange experience, present their organisations and plan future projects.

Main Objectives:

- To discuss social issues that influence youth in the countries that partner in the project;
- To discuss the idea of a game as an educational tool, while learning various examples;
- To give participants tools for mapping and identifying learning needs of their target group;
- To equip participants with tools for educational and experiential game design;
- To create a set of educational games on social issues in the frame of non-formal learning;
- To test created games with the local youth;
- To empower youth workers/youth leaders to use simulation and roleplay games while working with youth;
- To create a game compilation booklet as on-line resource to share amongst other youth workers;

Weather:

Malta is a hot country as you know. In September, it is normal to have 30C+ during the day and 20C+ during the night. Nevertheless, occasional rain and windy gusts might be true in September since weather starts to change to winter season so I would suggest one light rain coat just in case and some cardigans/hoodies.

- Youth workers aged 18-30, leader can be 30+
- Ideally, participants should be in a position of daily working with youngsters.

Dates:

27th September – 4th October 2018 (including arrival and departure dates).

Arrival day: 27st September, **LATEST 18:00.** A light dinner will be served at 18:30, and a “Get to know each other” informal session will take place at 19:30. I would appreciate everyone being ready at the accommodation by that time.

Departure day: 4th October, After 8:00.

How to get to venue:

Closest bus stop is “Psaigon” but busses come very seldom here.

Therefore I suggest stopping at “Kbira” or “Dingli” and walk for 10 minutes as shown below.

To get to “Kbira”/”Dingli”:

Option 1: From Airport 1, take bus X4 (every XX:13/33/53) to Valletta and catch bus 52 (every XX:00/30) to Dingli.

Option 2: From Airport 2, take bus 201 directly to Rabat, but stop at “Dingli” shown also on Map above. (Bus leaves every XX:45 from airport)

I would suggest taking the first bus that arrived, since punctuality is not really a Maltese public transport trait.
